

## **PRODUCT DATA SHEET**

### **3 - CYANOPYRIDINE**

**OTHER NOMENCLATURE**      3-Pyridinecarbonitrile

**PHYSICAL DATA**

Molecular Formula                       $C_6H_4N_2$   
Molecular Weight                        104.11  
CAS Registry Number                    [100-48-1]

**SPECIFICATIONS**

Description                                White crystals  
Melting range                             50.0<sup>0</sup> C – 52.0<sup>0</sup> C  
Moisture                                    Max. 0.2 % (K.F.)  
Assay                                        Min. 99 % (By GC)

**PACKING**

190 kg MS Drums / 200 kg HMHDPE Drums

**HEALTH HAZARD**

Irritant

**TARGET ORGANS**

Eyes, Skin, Lungs

**APPLICATIONS**

Intermediate of Niacinamide
